

TOGETHER, WE ASPIRE TO HELP OUR COMMUNITY ACHIEVE GENERATIONS OF GROWTH.

WORKING TOGETHER FOR A STRONGER COMMUNITY

Helping each individual within our diverse community to achieve their full potential will require a true team effort. One where the collective strengths of individuals and organizations, committed to addressing central issues and common goals, come together to create an environ-

ment of success and prosperity for the greater good of Springfield and Clark County.

The Aspire P16 Collaborative was created to achieve such an important goal. The collaborative is a “network of networks” capable of convening, linking, and coordinating groups; aligning systems; scanning to identify emerging challenges and bringing resources to bear to resolve them; and enhancing coordination to improve access and ensure that resources are provided to learners when they are needed. Aspire ties the improvement of education to economic vitality and development to ensure an improved quality of life for all of Clark County.

The Aspire P16 Collaborative is a neutral and trusted collaborative organization comprised of members representing the diverse sectors of business, social service, government, education and the community.

The organization has a number of important goals, including the achievement of 100% high school graduation rates and advanced education/training levels, as well as fundamental early preparatory skill development for students.

We invite you to learn more about the Aspire P16 Collaborative, as well as the principles behind the P16 process by visiting www.AspireP16.com.
